Featuring this week on Nunavimut: **Housing Crisis in Nunavik**

Tune in to APTN on Tuesday for Nunavimut's program on the Housing crisis in Nunavik.

Nunavimut looks as the major housing crisis faced by the Inuit in Nunavik. You will see the evolution of the housing provided by the governments, experience the hardships faced by the population when trying to obtain social housing, see the overcrowding conditions that many families live with every day. You will also hear from some of the political leaders as they voice their concerns and the outlook for the future.

The show will be broadcast four times during the day on May 18th 2004. You could watch it at 11:00am, at 2:00pm, at 6:00pm, or at 11:00pm eastern time.

So make sure you tune in for some important information concerning your

houses, the lack of houses and much more!
