Featuring this week on Nunavimiut: Life After graduation - Success Stories

Tune in to Nunavimiut on APTN this week to watch Life After Graduation.

Life, a complicated affair. From the wondering eyes of an infant, the curious mind of a child, the inquisitive mind of a teenager and finally to the intellectual mind of an adult. Imagine what life would be without the benefit of an education. Imagine the doors that would not open if we could not read or write. We are all blessed with the opportunity to excel in life through education.

Imagine how wondrous the world could be with a wealth of knowledge inside each one of us. How many doors would open right in front of our faces when we complete our studies and walk away with a diploma? From grade school to secondary to post secondary each step is one step closer to our dreams becoming a reality. Imagine, "I could become anything from a pilot to an astronaut or a

nurse to a surgeon". No one said the road would be easy but the sense of self-accomplishment could be a good start. As the saying goes – Don't be a fool – stay in school!

You could watch Nunavimiut every Tuesday at 10:00 AM, 3:00 PM and 6:30 PM. You could also catch a re-run of every Tuesday's episode on Thursdays of the same week, at 8:00 PM.
